RICK SCOTT
GOVERNOR

June 19, 2012

His Excellency, President Ma Ying-jeou
Republic of China
Office of the President,
No. 122, Sec. 1, Chongqing S. Rd.,
Zhongzheng District, Taipei City 10048,
Republic of China

Dear President Ma:

As Governor of Florida, I bring you greetings from the citizens of our great state. It has come to my attention that Dr. Ed Moore, President of the Independent Colleges and Universities of Florida, will be leading a high level delegation of our state educators and scientists to the Fourth Annual Taiwan-Florida Higher Education Conference in Taipei. The delegation will also be meeting with you during their visit.

Recognizing the importance of higher education to the economic future of our state and your country is of great importance. There is much that can be accomplished as we build ties between our universities and colleges that will develop a brighter future for all.

We look forward to the continuation of this important dialogue between the educators of Florida and Taiwan and to the continued expansion of economic and cultural ties between your country and our state.

Sincerely,

A handwritten signature in blue ink, appearing to read "Rick Scott".

Rick Scott
Governor
