

September 8, 2017

Dear members and colleagues of CASPAF,

Greetings! Hope everything is all right with you all.

As Hurricane Irma is fast approaching to Florida, many of us resided this wonderful sunshine state of Florida will be affected. As we enjoy warmth and beautiful climate and gorgeous beaches and inland, please do not lightly ignore hurricane Irma could make devastating damages to our property. State and local government has issued many warning announcements, these are the guideline for our safety suggestions. Please be fully prepared against hurricane Irma!

Water, and essential food items are very important, so as batteries, candles, and portable gas stoves if you have, just in case the power be interrupt for a long period of time. We also suggest you be prepare much of the window shutters against huge wind surge water level that could come in any different directions.

With our thorough preparation, CASPAF wishes you have safe journey riding through hurricane Irma without any financial and physical damages. If you have decided to leave town to avoid hurricane irma, we pray for you have safe journey and be home soon.

Good luck, and god bless,

David Muh
